Adam R. Biteman Earns Professional Geologist Certification

Traverse City – The American Institute of Professional Geologists (AIPG) has recognized Adam R. Biteman, a Project Geologist at Gosling Czubak Engineering Sciences, Inc., as a Certified Professional Geologist (CPG).

According to the AIPG, the certification is the culmination of university-level geologic course work and a record of experience performed in accordance with high standards of competence and integrity. The Institute establishes qualifications for granting the title of “Certified Professional Geologist” and certifies to the public that those geologists who hold this title have undergone peer review and have been deemed competent practitioners who are worthy of the public trust.

Biteman lends more than eight years of experience and guidance to various environmental and hydrogeological projects throughout the Great Lakes region. He holds a B.S. in Geological Sciences from Michigan State University.

Gosling Czubak Engineering Sciences, Inc. is a professional consulting firm providing landscape architecture, engineering, surveying, environmental, and geotechnical services to a large variety of clients. Currently employing a staff of 56, the firm has served public and private clients throughout Michigan since 1957.
