Hurley and Burt obtain Industrial Wastewater Treatment Operator Certifications

TRAVERSE CITY, Mich.:

Mark Hurley, P.E.

Mark Hurley, P.E. and Eric Burt, P.E. recently obtained certification from the State of Michigan as industrial wastewater treatment operators. They are licensed to operate wastewater treatment systems that include the following processes: clarification, land surface disposal, filtration, air stripping, and chemical clarification. This complements Mark Hurley's certifications for neutralization and carbon adsorption treatment.

Eric Burt, P.E.

Mark Hurley and Eric Burt design and operate industrial wastewater treatment systems as well as design and permit municipal wastewater treatment systems for Gosling Czubak Engineering Sciences. Their certifications will allow Gosling Czubak to provide a wide range of design and operation services to clients in Michigan.

Gosling Czubak Engineering Sciences, Inc. is a professional consulting firm providing landscape architecture, engineering, surveying, environmental, and geotechnical services to a large variety of clients. Currently employing a staff of more than 50, the firm has served public and private clients throughout Michigan since 1957.
